

Izzy's Home

Here are some recent pictures of Rizzo, now fondly called Izzy, a sweet little kitten we adopted from Cattails in OIB in February 2009. Izzy was the runt of a rather large litter of kittens, but has gained weight well, loves to eat and is a bundle of energy! She and her big sister, Sweetie, love each other, spend most of their time playing together and are inseparable companions. They are so much fun and add so much to our lives. We'll never be a "one cat family" again! Cattails is a wonderful organization.
