

Wilbur's Home

Just wanted to let everyone know how happy we are that we adopted Wilbur and Dot (formerly Poncho and Topaz). They have been wonderful additions to our family and helped start the healing process after we lost our beloved cat, George. Wilbur and Dot are full of personality and have fit in so well with our dogs and everyone who comes to the house. They have really bonded to each other, although Dot still rules the roost! Thank you for all the wonderful work you do!
